

**Rhenocoll Mattpaste**  
**Art. No.: A 4520**

**Application areas:**

Matting pastes for the post-matting of solvent-based Rhenocoll varnishes. Application according to the instructions mentioned above. The pastes can only be used for the correspondent varnishes. For professional use.

**VOC 2010:** n/a

**Features:**

Solvent-based matting paste to be added to Rhenocoll varnishes. Easy to mix thanks to its low viscosity.

**Application:**

Add matting paste to the correspondent varnish. Stir matting paste well and ensure that there are no deposits. Stir mixture well.

More matting paste can be used for glossy varnishes, whereas less matting paste should be used for already matt varnishes up to a maximum of 15%. The degree of gloss has to be determined by gradual addition depending on the desired optical effect.

**Supply units:**

- 1 liter bottle
- 5 liter canister
- 30 liter hobbock

**Service:**

Our service team for application technology is available to you at any time without obligation.
